Managing Director's Message

FY - 2020-2021

Virendra Sanghavi
Managing Director

Dear Shareholders,

It gives me immense pleasure to present you the 33rd Annual Report on the key developments and financial performance of your company for the FY 2020-21. I trust your family and you are keeping well in the midst of unprecedented pandemic COVID-19. India and many other parts of the world are in the grip of second or even third waves of the pandemic, much fiercer than anything we saw last year. The Government and every sector of Economy is fighting to revive and rebuild the economy in this challenging situation.

You will be glad to know that your Company performed satisfactorily for the FY 2020-21. This is the Fourth (4th) year after your Company went public and got listed on the National Stock Exchange of India Ltd., initially on the SME Emerge growth platform and subsequent migration to the Main Board of NSE India Ltd. on June 24, 2020.

In current year i.e. FY 2020-21, your company's standalone turnover stands at Rs. 189.66 crores as against Rs. 191.21 crores in the previous year i.e. FY 2019-20 showing sustainability and stable growth as compared to the previous year. Net profit of the Company stands at Rs. 8.65 crores in the FY 2020-21 as against Rs. 3.78 crores in the previous FY 2019-20 which shows tremendous increase in the profits due to increase in operational, decrease in the Finance Cost, and increase in the other income of the Company. The Net Profit Ratio of your Company stands at 4.56% in the current year as against 1.98% in the previous year.

On Consolidated side, The Company has achieved turnover of Rs. 201.79 crores and Net profit of Rs. 10.46 crores in the Current Year.

The Company has been rated as SME-1 by CRISIL for 'Highest Credit Worthiness' for 14th year at a stretch. The ratings continue to reflect an established market position in supply of technical manpower. CRISIL believes AARVI will continue to benefit from an established market position and improved financial flexibility.

After successful implementation of UAE branch, your Company evaluated opportunities in Oman, Indonesia, Kuwait, Africa and Qatar for extending the Company's services in those Countries as well. I am glad to announce that your Company has opened up a step down subsidiary in Oman through its wholly owned subsidiary Aarvi Encon FZE located at UAE by the name of Aarvi Encon LLC by entering into Joint Venture with a local partner in Oman.

The Company is currently evaluating opportunity in Indonesia & Malaysia as well and opening up of Branch office in Indonesia is also in process and we expect it to be done and operational in the upcoming year i.e. FY 2021-22.

Due to ongoing Covid-19 Pandemic across the globe, there is no significant impact on the operations of the Company. The Company has allowed its employees to work from home and thereby it has

been able to maintain the operations smoothly in these tough times. The Company is following government directives regarding the health and safety measures of employees and has encouraged all its employees to practice work from home till the situation gets stabilized or improve.

The country is currently suffering from the 2nd wave of COVID-19 and due to which state wise lock down has been imposed in the different states of the Country and this situation may cause delay in income accrual in near future. The Company is closely monitoring the situation and will take the action accordingly.

Your Company has spent Rs. 32.41 Lakhs towards CSR activities across the country by channelizing the fund and making expenditure on Project / Activity which:

- Promotes Education among children, women, differently abled people etc.,
- Eradicating hunger & promoting preventive health care,

Your Company has provided various medical support to the needy people, supported many educational institutes, made donations towards eradication of hunger of needy people suffered due to Covid-19 etc.

The Board has proposed dividend of 15% i.e. Re. 1.50/- per equity share of Rs. 10/- each, subject to the approval of the members of the Company at the ensuing 33rd Annual General Meeting (Fourth AGM Post – IPO of the Company).

Before concluding, I wish to convey my sincere thanks to the Management and the entire Board for their continued strong and unequivocal support.

I would also like to thank and acknowledge the continued co-operation, trust and support of the shareholders, employees and consultants and expect the coming years to be more rewarding as well.

Your Sincerely

Sd/-

Executive Director's Message

FY - 2020-2021

Jaydev V. Sanghavi
Executive Director

Dear Shareholders,

My sincere wishes that each of you is safe and well in these times. I have a great pleasure in welcoming you to the 33rd AGM of Aarvi Encon Ltd. I am grateful to all our valued stakeholders for their faith and continuous support in the Company.

Aarvi has reported a satisfactory performance this year, despite challenges like COVID pandemic, economic environment and operational environment. Our robust service delivery, exceptional value-added services and prudent financial practices significantly contributed to the growth.

Year-on-year basis, our total income on consolidated basis has slightly decreased from Rs. 218.64 Crores in FY'20 to Rs. 204.10 crores in FY'21. Our EBITDA stood at Rs. 9.6 crores in FY'21 as

compared to Rs. 9.2 crores in FY'20, registering a growth of 4.3% over previous year. Our PAT Increased from Rs. 7.2 crores in FY'20 to Rs. 10.5 Crores in FY'21, witnessing growth of 45.8% YoY. Our margins across operations continued to be strong and EBITDA margin grew by 54 bps to 4.33% in FY'21.

There had been reduction in Operating Revenue for the year, mainly due to COVID 19 situation where Lock down was imposed in entire nation which resulted decrease in economic and operational environment.

Major Highlights for the year are as follows:

- Company has signed more than 15 new clients
- Company has signed long term contract with clients for O&M
- Deputation Head count increased by 10%
- Received large Income Tax refund orders
- Company has set up office in Oman
- Kolkata office was operational

Your company is one of the largest in secondment of Technical Manpower and have served multiple industries like oil & gas, power, LNG, CNG/ PNG, refinery, petrochemical, pipeline, Renewable energy offshore, E&P, infrastructure, ports & terminals, telecom, fertilizers, cement, Infrastructure metals and minerals, information technology.

The Company has utilized Cash Credit limit of Rs. 3.52 Cr in FY 20-21 against Rs. 8.74 Cr in FY 19-20 and thus resulted in decrease in finance cost from Rs. 1.60 Cr in previous year to Rs. 0.56 Cr in current year.

During this financial year 2020 – 21, in order to expand the network in Eastern

India, Company opened a branch at Kolkata. Internationally, the Company has incorporated a step down subsidiary "Aarvi Encon LLC" at Oman through its wholly owned subsidiary Aarvi Encon FZE in the United Arab Emirates. Similarly the Company is in process to incorporate its Second Step down Subsidiary by the name of "Aarvi Encon Services" at Indonesia to expand the network in South East Asia as well.

We are keen to start our UK operation and will be on boarding local manager to take care of the UK operations.

We are optimistic that your company will show significant growth in coming years.

Thank you once again for your support, guidance and being part of Aarvi Family, Stay safe.

With Warm Regards,

Sd/-

EXPLANATORY STATEMENT PURSUANT TO PROVISIONS OF SECTION 102 OF THE COMPANIES ACT, 2013.

ITEM NO. 4

RE- APPOINTMENT OF DR. PADMA V. DEVARAJAN (DIN: 08064987) AS A NON-EXECUTIVE INDEPENDENT DIRECTOR OF THE COMPANY:

Dr. Padma V. Devarajan (DIN: 08064987) is an existing Director on the Board of the Company who was appointed as an Independent Director of the Company for a term of 3 years with effect from February 01, 2018 till January 31, 2021. The Board of Directors of the Company, and Nomination and Remuneration Committee on basis of the report of performance evaluation has recommended re-appointment of Dr. Padma V. Devarajan for a second term of 5 consecutive years, on the board of the company.

Section 149(10) of the Act provides that an independent director shall hold office for a term of up to five consecutive years on the Board and shall be eligible for re-appointment on passing a special resolution by the company and disclosure of such appointment in its Board's report. Section 149 (11) provides that an independent director may hold office for up to two consecutive terms.

Based on the background, experience and contributions made during her tenure, re-appointing her for second term would be beneficial to the Company, accordingly the Nomination and Remuneration Committee and the Board of Directors of the Company have recommended her re-appointment as an Independent Director for a second term of 5 consecutive years commencing from February 01, 2021 to January 31, 2026.

She is not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given her consent to act as a Director. The Company has received declaration from her confirming that she meets the criteria of independence as prescribed under sub-section (6) of Section 149 of the Act and the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. In opinion of the Board, she fulfills the conditions for reappointment as Independent Director.

The Board is of further opinion that she is independent director and possesses appropriate skills, experience and knowledge that will enable her to discharge his duties, roles and function as an Independent Director.

The Company has received notice from a member under Section 160 of the Act proposing her re-appointment as Director.

This notice may be treated as information to the members about her candidature to the office of Directorship of the Company under section 160(2) of the Act read with Rule 13 of the Companies (Appointment and Qualifications

of Directors) Rules, 2014 and disclosures as required under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The notice and terms and conditions of re-appointment of Dr. Padma V. Devarajan along with other relevant documents mentioned herein above, would be available for inspection by the shareholders at the Registered Office of the Company between 10.00 a.m. and 1.00 p.m. on all working days from the date hereof up to the date of the AGM.

Accordingly, it is proposed to approve the reappointment of Dr. Padma V. Devarajan as a Non-Executive Independent Director for a period of five years commencing from February 1, 2021 and ending on January 31, 2026, not liable to retire by rotation. As per the provisions of the Companies Act, 2013, the reappointment of an independent director of the Company requires approval of the members by special resolution.

A Brief profile and Information Pertaining to Director seeking re-appointment as mentioned under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India are given in **Annexure-A** in this Notice.

Except Dr. Padma V. Devarajan, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise in the resolution set out at Item No. 4.

ITEM NO. 5

4. Pecuniary relationship directly or indirectly with the company, or relationship with the managerial personnel, if any.

There exists no pecuniary relationship of Mr. Jaydev Sanghavi directly or indirectly with the Company or relationship with the Managerial Personnel in terms of the Companies Act, 2013 except to the extent of remuneration paid to him.

III. Other information:

1. Reasons of loss or inadequate profits

At present, the performance of the Company is satisfactory as compared to the industry norms. However, in the event of any unforeseen

circumstances and conditions beyond its control, the profitability of the Company may be affected.

2. Steps taken or proposed to be taken for improvement
The Company is continuously looking at the new business opportunities to grow.
3. Expected increase in productivity and profits in measurable terms.

It is difficult to forecast the productivity and profitability in measurable terms. However, the productivity and profitability may improve and would be comparable with the industry average.

Except Mr. Jaydev V. Sanghavi, Mr. Virendra D. Sanghavi and their relatives, none of the Directors, Key Managerial Personnel and their relatives are concerned or interested, financially or otherwise in the resolution as set out in Item no. 5.

The Board of Directors, hence, recommends the resolution at Item No. 5 of the Notice for the approval of the members by way of Special Resolution

ITEM NO. 6:

APPROVAL OF REMUNERATION PAYABLE TO DIRECTOR UNDER REG. 17 OF SEBI (LODR) REG, 2015.

In accordance with the provision of Regulation 17(6)(e) of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, the fees or compensation payable to Executive Directors who are promoters or members of the promoter Group, shall be subject to the approval of the shareholders by special resolution if:

- a) the annual remuneration payable to such executive director exceeds rupees 5 crore or 2.5 per cent of the net profits of the listed entity, whichever is higher; or
- b) where there is more than one such director, the aggregate annual remuneration to such directors exceeds 5 per cent of the net profits of the listed entity.

At present, on Board of Directors of the Company, there are two Executive Directors i.e. Mr. Virendra D. Sanghavi, Managing Director and Mr. Jaydev V. Sanghavi, Executive Director, both belonging to the Promoter and Promoter Group.

The shareholders have approved remuneration payable to Mr. Virendra D. Sanghavi, Managing Director on September 22, 2020 for the Financial Year 2020-21 and 2021-22 within the limits as prescribed at that time as per Companies Act, 2013.

Approval of shareholders for remuneration payable to Mr. Jaydev V. Sanghavi for the Financial Year 2020-21 and 2021-22 within the limits as prescribed at that time as per Companies Act, 2013 will be taken at ensuing Annual General Meeting.

Aforesaid limits as per Companies Act, 2013 is in excess of prescribed threshold limits of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015. This necessitates seeking fresh approval of the shareholders by way of special resolution for retaining all existing terms and conditions of re-appointment of Executive Directors including remuneration payable to them till the expiry of their respective term in order to comply with the Regulation 17(6)(e) of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015.

Based on the recommendation of Nomination and Remuneration Committee, the Board of Directors of the company has approved the above proposal at their meeting held June 3, 2021.

A Brief profile and Information Pertaining to remuneration of Managing Director and Executive Director Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India are given in **Annexure-A** in this Notice

Except Mr. Jaydev V. Sanghavi, Mr. Virendra D. Sanghavi and their relatives, none of the Directors, Key Managerial Personnel and their relatives are concerned or interested in the resolution, financially or otherwise, as set out in Item No. 6.

The Board recommends the resolution at Item No. 6 of the Notice for the approval of the members by way of Special Resolution.

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY OVERVIEW

The Calendar year 2020 was a great disruption unleashed by a viral pandemic that hit the world economy very hard. The pandemic spread like a forest fire, reaching every corner of the world, infecting more than 90 million and killing close to 2.8 million people worldwide (as of March 2021). For several months, uncertainties and panic paralyzed most economic activities in both developed and developing economies. The pandemic has exposed the systemic vulnerability of the world economy. Building economic, social and environmental resilience must guide the recovery from the crisis.

World gross product fell by an estimated 4.3 percent in 2020, the sharpest contraction of global output since the Great Depression. The pandemic hit the developed economies the hardest, given the strict lockdown measures that many countries in Europe and several states of the United States of America imposed early on during the outbreak. The developing countries experienced a relatively less severe contraction, with output shrinking by 2.5 percent in 2020. Their economies are projected to grow by 5.7 percent in 2021.

Activity is expected to strengthen in the second half of this year and firm further next year, as improved COVID-19 management aided by ongoing vaccination allows for an easing of pandemic control measures. Global economic output is expected to expand 4 percent in 2021 but still remain more than 5 percent below pre-pandemic projections. Global growth is projected to moderate to 3.8 percent in 2022, weighed down by the pandemic's lasting damage to potential growth. The global recovery, which has been dampened in the near term by a resurgence of COVID-19 cases, is expected to strengthen over the forecast horizon as confidence, consumption, and trade gradually improve, supported by ongoing vaccination.

INDIAN ECONOMY OVERVIEW

The Financial Year 2020-21 started with a Nation-wide lockdown in India although India emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. The Economic Survey has projected that the economy will grow at 11 percent, up from an estimated historic decline of 7.7 percent in 2020-21, on account of the COVID-19 pandemic. Also, the vaccination drive is expected to provide an impetus for the restoration of contact-intensive sectors and a leading edge to the Indian pharma industry in the global market.

The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25 percent of the GDP from the current 17 percent. Besides, the Government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital

infrastructure, delivering services digitally and increasing digital literacy. India's retail inflation, measured by the Consumer Price Index (CPI), rose to 5.52 percent in the month of March. Separately, the country's factory output, measured in terms of the Index of Industrial Production (IIP), witnessed a contraction of (-) 3.6 percent in February, as per Ministry of Statistics & Programmed Implementation (MoSPI). The retail inflation during the month of February was at 5.03 percent. The rise in retail inflation on March can be attributed to the rise in food prices. The Consumer Food Price Index (CFPI) or the inflation in the food basket rose to 4.94 percent in the month of March.

The government has the ambition of making India a USD 5 trillion economy by 2024 for which various initiatives have been undertaken in the last few years to improve ease of doing business, encourage Make in India, invite foreign companies to India with schemes like PLI (production-linked incentive) and tweak the legacy labor laws, Agri policies, etc.

With the shift in sentiment to reduce dependence on a single country i.e. China, we are seeing increasing interest from international companies wanting to invest in India. Interest is largely from Asia led by Japan, Korea and Thailand although we are also seeing interest from Europe. Some of these enquiries are in sectors such as agrochemicals, building products, logistics, packaging, and new-age technology including electronics, sectors where we have not seen significant interest in the past.

GLOBAL STAFFING INDUSTRY

Employees are one of the most important aspects for any company to grow successfully globally, and the staffing industry is one of the industries that has been significantly growing in recent years. As the market recovers from Covid-19, the global staffing business is expected to rise by 12 percent this year to a total of \$445 billion, up from an 11 percent decline in 2020. When comparing global staffing markets in 2021 to the year before the pandemic in 2019, the picture is mixed, but by 2022, nearly all countries should have recovered.

In 2020, the total revenue from staffing in Europe, the Middle East, and Africa was \$178 billion. The Americas (North and South America) brought in \$152 billion, while Asia Pacific brought in \$115 billion. While it looks that the worst of Covid-19 has passed, many countries continue to encounter difficulties. Regional variations, for example, have caused concern in various parts of the world due to their impact and spread.

INDIA STAFFING INDUSTRY

India is the world's fifth-largest staffing market. Over the last five years, India's staffing industry has grown at a rate of 20-25 percent every year. It shows no indications of slowing down because it is still in the midst of a structural transition. With over 1 million individuals joining the workforce every

month in India, creating long-term employment is crucial to the country's economic success. While employers are beginning to exhibit a greater dependence on flexible staffing to satisfy their business imperatives, India's regulatory climate is also beginning to lighten, making it easier for employers and staffing players.

The future of the staffing industry is likewise tied to the country's job market. We can address the issue of jobs by allowing for speedier labor migration from farm to non-farm and formalizing the non-farm industry in India. The economy is getting a boost from the rapidly changing employment mix. According to the World Bank, the agricultural sector created roughly 63 percent of new jobs in India in 1991, but just 43 percent now. The contribution of the services and industrial sectors, on the other hand, has increased from 22 percent to 32 percent and 15 percent to 25 percent, respectively, over the same time period. Furthermore, India will require structural changes, particularly in the areas of labor, skill development, and higher education, as well as an enabling regulatory and macroeconomic environment for enterprises, start-ups, and MSMEs to prosper. Our authorities will need to push formalization, urbanization, industrialization, financialization, and human capital to boost the productivity of our businesses, which will ultimately aid job creation.

The trend of formalizing the workforce in India will witness exponential development over the next decade as a result of several measures taken by the Indian government around Make in India and a focus on different reforms, as well as an improvement in GDP per capita. It is predicted to rise from 20.8 percent today to 30.3percent in 2025 and 38.3percent in 2030. The primary growth driver for the Flexi staffing business will be an increase in the formalization of the workforce in the economy, which is predicted to expand from 0.7percent in 2018 to 1.6percent by 2025 and 2.7percent by 2030. Over the coming decade, shorter product life cycles, disruptive innovation, and a shifting competitive climate will necessitate greater employee flexibility. The flexi staffing market is predicted to grow at a 15percent CAGR from 4.4 million to 15.4 million people between 2021 and 2030 as a result of this exponential expansion. The Indian government has undertaken a number of dramatic changes, including the streamlining of labor laws. India has consolidated 47 outdated labor laws into four new labor codes. Fundamentally, simpler labor rules improve a country's ease of doing business ranking. This encourages both Indian and foreign corporations to invest in India, resulting in more jobs. Staffing is set to grow multifold in years to come. New labor reforms and recognition of gig workers are major tail winds.

INDIA RECOGNIZING GIG & PLATFORM WORKERS

The new labor codes have various aspects which will increase the flexi-staffing multi-fold. It allows the employers to have contract staff on a weekly, fortnightly and fixed term basis as well. This used to be a grey area earlier. It was not illegal to hire a worker for a day or a week. However, the statutory & compliance requirements

were not very clear. Many of the companies were hesitant to hire additional workers on a daily or weekly basis and used to manage with the headcount they had.

Unlike many countries, India has accepted the reality of Gig & Platform Workers. India is working backwards on Gig workers. Enacting laws, to ensure Safety and Social Security to Gig Workers. This will give a great boost to the Gig Economy. This boost will increase the demand of Gig Workers across many sectors such as logistics, customer services, sales and after-sales services. Millions of flexi-jobs will be created in such profiles across various industries, all giving a boost to the staffing industry. Though in India flexi staffing, or temporary staffing, is yet to gain traction, the industry is beginning to come of age, with incumbent players beginning to focus on new offerings, increasing investment in technology, improving consultative selling capabilities and focusing on operational efficiencies, while also making their presence felt at the right places. Initiatives like goods and services tax (GST), demonetization and Real Estate (Regulation and Development) Act have opened up this market for newer entrants and we are seeing newer staffing players entering the organized staffing sector. While the gig economy is in its infancy in India, it is expected to grow in the near future – much like it has grown in the US and other developed markets. It is estimated that up to 20-30percent of the workforce in developed markets is engaged in independent work. More than a third of the 500-plus organizations surveyed in India expect to rely up to 50percent on flexible talent in the next five years. This will have a bearing on the talent strategy of organizations, and therefore should be an important area of focus for the staffing companies in India.

CHALLENGES

SKILL AND TALENT GAP ISSUES IN INDIA

India requires a workforce that is industry-ready and job-ready, yet it is experiencing a severe talent and skill shortage. Every year, more than 60percent of the 8 lakh engineers who graduate from technical colleges across the country are unemployed. One of the most difficult parts, according to up to 39percent of companies, is attracting and finding great people. Out of all occupations 90percent are skill-based, while just 2percent of the population (aged 15 to 25) is currently enrolled in vocational training, compared to 60-80 percent globally. Apart from that, attracting, engaging, and retaining top personnel remains a major challenge for most businesses. Employers are looking at contingent staffing in a big manner against this bleak landscape. This represents a huge business opportunity for the staffing industry. The industry has to play its part as well in addressing the skill and talent issue for the economy as a whole.

CHALLENGE OF JOB FORMALIZATION

One of the biggest challenges facing the Indian economy currently is the size of the informal economy which still employs over 80percent of the workforce. The key drivers behind the highly informal economy are a lack

of formal skills-sets, lower levels of education, and lack of opportunities in the formal sector. The end result is lower productivity and wages. From a government stand point, informal employment tends to lead to unproductive operations, inability to raise tax revenues, and regulatory compliance issues. Over the last five years the government has announced a number of structural reforms aimed at accelerating the formalization of the economy. In 2016 The Employee Provident Fund and Employee Insurance reforms announced the extension of social security benefits to a larger employee base and incentivized informal employees to move to formal employment. Similarly, the two most talked about recent reforms in India have been: 1) Demonetization, which in late 2016 encouraged digital payments, making it easier for the government to track transactions; and 2) GST, which in mid-2017 removed multiple layers of taxes and encouraged enterprises to deal with the formal sector in order to get input tax credits.

Delay in labor reforms leading to slower-than-expected rate of formalization of the economy:

The recently passed labor regulations are set to take effect on April 1, 2021, and they will be a crucial driver in India's formalization of the work sector. However, if the labor laws are not implemented in a timely manner, India's formalization of the workforce may be slower than envisaged.

Slower than expected revival of the Indian economy leading to lower requirement for flexi workers:

Flexi worker hiring tends to pick up in a buoyant economy, hence if the expected revival of the Indian economy in CY21 is delayed it could result in hiring remaining subdued for a longer than expected time.

Increase in unemployment levels leading to lower reliance or cut in Flexi staff: The hiring of flexi employees has an inverse relationship with unemployment. As a result, if India's unemployment rate rises, Flexi workers will be reduced or eliminated.

TECHNICAL STAFFING

India understands the demands of the present industry and the high expectations that companies have for their workforce. On a project-by-project or short-term basis, staff on deputation is provided to corporations, industrial segments, and other engineering companies.

Every business entity, from multinational conglomerates to small and medium-sized enterprises, realizes the benefits of outsourcing. Companies desire to keep focused on their primary business activity and outsource support services to save time and energy in the face of ever-increasing business demands. They seek to cut costs and increase employee productivity to stay competitive. Manpower Outsourcing accomplishes both of these goals.

The company database has about 7,00,000 trained and experienced engineers in sectors such as project

management, construction, planning, safety, quality assurance/quality control, procurement, inspection, testing, and commissioning.

Aarvi's overall outsourcing continues to gain traction. Temporary workforce solutions make recruitment and replacement easier. Flexi-outsourcing benefits both employees and employers because it allows organizations to hire on a need-to-know basis rather than on a permanent basis. Aarvi is on the verge of seeing more growth as a result of changing industry dynamics and rising penetration of flexi-outsourcing in India and abroad.

INDEPENDENT AUDITOR'S REPORT

**To The Members of,
AARVI ENCON LIMITED
Report on Consolidated Financial Statements**

Opinion

We have audited accompanying consolidated financial statements of **Aarvi Encon Limited** (the "Holding Company") and its subsidiaries, a list of the same is annexed herewith by way of an Annexure 1 to this report (collectively the company and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2021, the consolidated Statement of Profit and Loss including other Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and Notes to the Consolidated Financial Statements, including a summary of Significant Accounting Policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of Reports of other Auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid Consolidated financial statement give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31st 2021, and profit including other comprehensive income, their Consolidated Cash Flows and the Consolidated Statement of Changes in Equities for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standard are future described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the

Consolidated financial statement of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter

1. *Revenue Recognition*

The Company's contracts with customers include contracts with multiple services. The Company derives revenues from manpower supply and related services. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit independently from such deliverables involves significant judgement.

As certain contracts with customers involve management's judgment in (1) identifying distinct performance obligations, (2) determining whether the Company is acting as a principal or an agent, revenue recognition from these judgments were identified as a key audit matter and required a higher extent of audit effort.

Auditor's Responses

Principal Audit Procedures

Our audit procedures related to the (1) identification of distinct performance obligations, (2) determination of whether the Company is acting as a principal or agent included the following among others:

- We tested the effectiveness of controls relating to the-
 - (a) identification of distinct performance obligations,
 - (b) determination of whether the Company is acting as a principal or an agent and
- We selected a sample of contracts with customers and performed the following procedures:
 - Obtained and read contract documents for each selection, including master service agreements, and other documents that were part of the agreement.
 - Identified significant terms and deliverables in the contract to assess management's conclusions regarding the- (i) identification of distinct performance obligations (ii) whether the Company is acting as a principal or an agent

Key Audit Matter

2. *Evaluation of Uncertain Tax Positions*

The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.

Auditor's Responses

Principal Audit Procedures

Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, Consolidated cash flows and consolidated Statement of Changes in Equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards (IND AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the Company included

in the Group are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Group and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation by the Consolidated Financial Statements by the directors of the Holding Companies as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the Company included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors Report that includes our opinion. Reasonable assurance is a high level of assurance is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial statements.

As a part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)

(i) of the Act, we are Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern, If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements, including the disclosure, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other Auditors, such other Auditors remain responsible for the directions, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings. Including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the

financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We conducted our audit in accordance with the Standards on Auditing Specified under Section 143(10) of the Act. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparations of the financial statements that give true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's management and Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Other Matters

We did not audit the financial statements of foreign subsidiary Aarvi Encon (FZE), whose financial statements reflect total assets of Rs.14,00,45,000/- (AED 70,29,571/-) as at 31st March, 2021, total revenue of Rs.11,93,00,000/- (AED 59,94,554/-) and net cash inflow of Rs.2,67,53,000/- (AED 14,12,986/-) for the year then ended. These financial statements have been audited by other auditors whose reports have been furnished to us and our opinion is based solely on the reports of the other auditors. Also, the audit of financial statements of other foreign subsidiary Aarvi Encon Resources Ltd whose financial statements reflect total assets of Rs._10,096 /- is not required to be audited as per the statutory requirements of the respective country.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit and the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries as noted in the other matters paragraph we report to the extent applicable, that:

1. We / the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief was necessary for the purpose of our audit of the aforesaid consolidated financial statements;

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our Audit of the consolidated Financial Statements of the holding Company as of and for the year ended 31st March, 2021, We have audited the internal financial controls over financial reporting of **Aarvi Encon Limited** (hereinafter referred to as "the holding company") and it's subsidiaries (the holding company and it's subsidiaries together referred as to "the Group"), as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the holding companies and its subsidiaries which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's and its Subsidiaries, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing,

issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management

and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its Subsidiary companies which are incorporated in India has, in all

material respects, an adequate internal financial controls system over financial reporting commensurate to its size and nature of business and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Statement of Significant Accounting policies and Other Explanatory Notes

1 Corporate Information

Aarvi Encon Limited (the "Company") is a HR Services Company incorporated as Aarvi Encon Private Limited on 03 December 1987 and the registered office is located at 603, B1 Wing, Marathon Innova, Marathon Nextgen Complex, Lower Parel (W) Mumbai 400013. The name of the Company has changed to Aarvi Encon Limited pursuant to conversion into a Public Limited company, vide Shareholder's approval on 13 June, 2017 and obtained a fresh certificate of incorporation dated 05 July 2017.

2 Significant Accounting Policies

I) Basis of Preparation

The Company is listed on the Main Board of National Stock Exchange of India Ltd w.e.f. 24th June, 2020:

The Company has undertaken an Initial Public issue of equity shares and subsequently got its equity shares listed on the National Stock Exchange, Emerge (SME Segment) with effect from 5th October 2017.

On 4th November, 2019, the Company received in principle approval for migration of trading in the equity shares of the company from SME Platform (EMERGE) to Main Board.

Further, the Company has completed the migration of its shares from National Stock Exchange (NSE) Emerge (SME segment) platform to the Main Board of National Stock Exchange of India Ltd w.e.f. 24th June, 2020.

These financial statements are Consolidated Financial Statements as per Ind AS 110 - Separate Financial Statements and are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

These consolidated financial Statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

II) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amounts of

revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statement in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

3 Principles of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at 31 March 2021. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Subsidiaries are entities controlled by the Group. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements of each of the subsidiaries used for the purpose of consolidation are drawn up to same reporting date as that of the Company, i.e., year ended on 31 March 2021.

(i) Consolidation Procedure

Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.

Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full, except as stated below Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

(ii) Non-controlling interests in the net assets of consolidated subsidiaries consists of :

- The amount of equity attributed to non controlling interests at the date on which investment in a subsidiary relationship came into existence;
- The non-controlling interest share of movement in equity since the date parent subsidiary relationship came into existence;
- Non-controlling interest share of net profit/ (loss) of consolidated subsidiaries for the year is identified and adjusted against the profit after tax of the Group.

(iii) The following entities are considered in the Consolidated Financial Statements listed below:

Sr. No.	Name of the Entity	Principal place of business	Proportion of ownership interest either directly or indirectly	Proportion of ownership interest either directly or indirectly
			As on March 31, 2021	As on March 31, 2020
1	Subsidiary :-			
	Aarvi Engineering & Consultants Private Limited	India	100%	100%
	Aarvi Encon FZE	UAE	100%	100%
	Aarvi Encon Resources Limited	UK	100%	100%

III) Summary of significant accounting policies

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle

(a) Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is current when :

- It is expected to be realised or intended to be sold or consumed in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when :

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or

- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment

i) Property, plant and equipment (PPE) are measured at cost, net of accumulated depreciation and/or accumulated impairment losses, if any. The cost of PPE includes freight, duties, taxes and other incidental expenses related to the acquisition or construction of those PPE.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of profit or loss in the year the asset is derecognized.

ii) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group. All other repairs and maintenance costs are recognised in statement of profit and loss as incurred.

iii) The charge in respect of periodic depreciation is derived after estimating the asset's expected useful life and the expected residual value at the end of its life. The depreciation method, useful lives and residual values of Group's assets are estimated by Management at the time the asset is acquired and reviewed during each financial year.

iv) Depreciation on all assets of the Group is charged on written down method over the useful life of assets mentioned in Schedule II to the Companies Act, 2013 or the useful life previously assessed by the management based on technical review whichever is lower for the proportionate period of use during the year. Intangible assets are amortised over the economic useful life estimated by the management.

v) Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are shown as capital advances under long-term loans and advances and the cost of property, plant and equipment not ready for their intended use before such date are disclosed under capital work-in-progress.

c) Intangible Assets

- i) Intangible assets are recorded at the consideration paid for cost of acquisition or development less accumulated depreciation and/or accumulated impairment loss, if any. The cost of an internally generated asset comprises all expenditure that can be directly attributed, or allocated on a reasonable and consistent basis, to create, produce and make the asset ready for its intended use.
- ii) Intangible assets under development are capitalized only if the Group is able to establish control over such assets and expects future economic benefit will flow to the Group.
- iii) Intangible assets are amortised over their estimated useful life, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset.

d) Business Combination

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Group. Acquisition costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their acquisition-date fair values.

Goodwill is measured as excess of the aggregate of the fair value of the consideration transferred, the amount recognized for non-controlling interests and fair value of any previous interest held, over the fair value of the net of identifiable assets acquired and liabilities assumed. If the fair value of the net of identifiable assets acquired and liabilities assumed is in excess of the aggregate mentioned above, the resulting gain on bargain purchase is recognized in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognizes the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

Business combinations involving entities or businesses under common control have been accounted for using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments have been made to reflect fair values, or to recognize any new assets or liabilities.

e) Borrowings

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

f) Impairment of Assets

Assets subject to amortization/depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher between an asset's fair value less sale costs and value in use. For the purposes of assessing impairment, assets are grouped together at the lowest level for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill for which impairment losses have been recognized are tested at each balance sheet date in the event that the loss has reversed.

g) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits in banks and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within bank borrowings in current liabilities on the balance sheet.

h) Provisions

The Group recognizes a provision when: it has a present legal or constructive obligation as a result of past events; it is likely that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognized for future operating losses.

i) Fair Value Measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

j) Financial Instruments

- (i) Financial Assets & Financial Liabilities
Initial recognition and measurement
All financial assets and liabilities are recognised initially at fair value.

In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset is treated as cost of acquisition. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment of financial assets
The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost.

The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Explanatory Notes details how the entity determines whether there has been a significant increase in credit risk. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial instruments
A financial asset is derecognised only when

* The Group has transferred the rights to receive cash flows from the financial asset or

* retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the group has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

- (ii) Investments in associates

Investments in associates are carried at cost in the Separate Financial Statements.

k) Revenue Recognition

- i) Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually

defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks. The specific recognition criteria described below must also be met before revenue is recognised.

Manpower Services

Revenue from manpower services is accounted at a point in time on accrual basis on performance of the services agreed in the contract with the customers.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit or loss.

Dividends

Dividend income is recognised when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

l) Taxes

Tax expenses comprise Current Tax and Deferred Tax.:

i) Current Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Group and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to

situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii) Deferred Tax:

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

For items recognised in OCI or equity, deferred / current tax is also recognised in OCI or equity.

iii) MAT Credit:

The Company has opted for income tax under Section 115BAA of the Income tax act, 1961. As per provisions of the Act, the domestic companies opting for section 115BAA will not be able to claim MAT credits for taxes paid under MAT during the tax holiday period. The companies would not be able to reduce their tax liabilities under section 115BAA by claiming MAT credits. Therefore, the Company has reversed all the MAT credit during the year.

m) Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss before OCI for the year by

the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n) Dividend Distribution

Dividend distribution to the Group's equity holders is recognized as a liability in the Group's annual accounts in the year in which the dividends are approved by the Group's equity holders.

o) Foreign exchange transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the respective transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date, the resultant exchange differences are recognised in the statement of profit and loss.

p) Employee benefits

Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and other benefits. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Post-employment benefits

i. Defined contribution plans

A defined contribution plan is a post-employment benefit plan where the Group makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Group's contribution is recognised as an expense in the statement of profit and loss during the period in which the employee renders the related service.

ii. Defined benefit plans -Gratuity

In accordance with the applicable Indian laws, the Group provides for gratuity, defined benefit retirement plan ("the Gratuity plan") covering eligible employees. The Gratuity plan provides a lump-sum payment to eligible employees at retirement,

death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

Liabilities with regard to the Gratuity plan are determined by actuarial valuation, performed by an independent actuary, at each reporting date using the projected unit credit method. Actuarial gains and losses are recognised in full in the other comprehensive income for the period in which they occur. Current service cost and the interest cost on obligation related to defined benefit plans are recognised in the statement of profit or loss.

q) Leases

Effective April 1, 2018, the Group adopted Ind AS 116 "Leases" as per para 8, 9, D9B(a) & D9B(b) (ii) of Ind AS 101 and applied the standard to all lease contracts existing on April 1, 2018 at the date of transition.

The following is the summary of the new and/or revised significant accounting policies related to Leases.

The Group, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Disclosures under IND AS 116 “Leases”

Effective April 1, 2018, the Company adopted Ind AS 116 “Leases” as per para 8, 9, D9B(a) & D9B(b)(ii) of Ind AS 101 and applied the standard to all lease contracts existing on April 1, 2018 at the date of transition. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company’s incremental borrowing rate at the date of initial application.

During the year ended March 31, 2021, Rs. 1.82 Lakhs has been accounted as Finance Cost and Rs. 5.30 Lakhs as Depreciation against the payment liability of Rs.6.99 Lakhs. and during the year ended March 31, 2020, Rs. 8.48 Lakhs has been accounted as Finance Cost and Rs. 21.30 Lakhs as Depreciation against the payment liability of Rs.24.92 Lakhs.

The following is the summary of practical expedients elected on initial application

1. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

A Expected Credit Loss:

Trade receivables and unbilled revenue are unsecured and are derived from revenue earned from customers primarily located in India. Periodically, the Group evaluates all customer dues to the Group for collectability. The need for impairment is assessed based on various factors including collectability of specific dues, risk perceptions of the industry in which the customers operates, general economic factors, which could affect the customer's ability to settle. More than 95% of the Group's customers have been transacting with the Group for over five years and none of these customers' balance are credit impaired. An impairment analysis is performed at each reporting date on invoice wise receivable balances.

The Life time credit loss write off during the year arises more out of the disputes or charges rather than credit impairment.

Since the Group Calculates impairment under the simplified approach the Group does not track the changes in credit risk of trade receivables the impairment amount represents lifetime expected credit loss. Hence the additional disclosures in trade receivables for changes in credit risk and credit impaired trade receivable are not disclosed.

a) Disclosure in accordance with Ind AS – 19 “Employee Benefits”, of the Companies (Indian Accounting Standards) Rules, 2015.

The Group has carried out the actuarial valuation of Gratuity liability under actuarial principle, in accordance with Ind AS 19 - Employee Benefits.

Gratuity is a defined benefit plan under which employees who have completed five years or more of service are entitled to gratuity on departure from employment at an amount equivalent to 15 days salary (based on last drawn salary) for each completed year of service restricted to Rs 20 lacs. The Company's gratuity liability is Funded.

i) The amount recognised in the balance sheet and the movements in the net defined benefit obligation of Gratuity over the year for Core Staff is as follow:

ii) Actuarial Assumptions		
Particulars	As on March 31, 2021	As on March 31, 2020
Discount rate (per annum)	6.50%	6.90%
Rate of escalation in salary (per annum)	7.00%	7.00%
Attrition Rate		
Younger Age	50%	50%
Older Age	5%	5%
Rate of return on plan assets (per annum)	6.50%	6.90%

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

There is no minimum funding requirement for a gratuity plan in India and there is no compulsion on the part of the Group fully or partially pre-fund the liabilities under the plan. Since the liabilities are unfunded there is no asset liability matching strategy devised for the plan.

iii) Sensitivity analysis

A quantitative Sensitivity analysis for significant assumption

Particulars	Discount Rate	Salary Growth Rate	Attrition Rate
Changes in Assumption			
March 31, 2021	0.50%	0.50%	10.00%
March 31, 2020	0.50%	0.50%	10.00%

March 31, 2020	86.09	(80.83)	(83.16)

(iv) Actuarial Risk:
A Actuarial Risk

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

B Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C Liquidity Risk

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Group there can be strain on the cashflows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

32 Significant accounting judgements, estimates and assumptions

The financial statements require management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the grouping disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the separate financial statements.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

33 Financial Instruments

- i) The carrying value and fair value of financial instruments by categories as at March 31, 2021 and March 31, 2020 is as follows:

	Carrying Value		Fair Value	
	March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020
a) Financial Assets

Other	2,106.51	1,373.81	2,106.51	1,373.81
Total Financial Assets	10,026.06	8,083.07	10,026.06	8,083.07
b) Financial Liabilities				
Amortised Cost				
Borrowings	353.70	891.92	353.70	891.92
Trade payables	542.47	949.36	542.47	949.36
Others	1,847.04	1,497.73	1,847.04	1,497.73
Total Financial Liabilities	2,743.20	3,339.01	2,743.20	3,339.01

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables, book overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

34 Fair Value Hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis as at March 31, 2021 and March 31, 2020.

35 Financial risk factors

Risk management framework

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

(a) Credit risk

Credit risk is the risk that counterparty will not meet its contractual obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and loans receivables, investments and other financial instruments.

(b) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Group monitors its risk of a shortage of funds on a regular basis. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities.

(c) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk. Financial instruments affected by market risks include trade receivable and trade payable.

i. Interest rate Risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group does not have significant debt obligation with floating interest rates, hence is not exposed to any significant interest rate risks.

ii. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Group does not have significant foreign currency exposure and hence is not exposed to any significant foreign currency risks.

INDEPENDENT AUDITOR'S REPORT

**To The Members of
Aarvi Encon Limited
Report on the Audit of the Standalone Financial
Statements**

Opinion

We have audited accompanying standalone financial statements of **Aarvi Encon Limited** (the "company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements sections of our report. We are independent of the Company in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statement of the current period. These matters were addressed in the context of our audit

of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter

1. Revenue Recognition

The Company's contracts with customers include contracts with multiple services. The Company derives revenues from manpower supply and related services. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit independently from such deliverables involves significant judgement.

As certain contracts with customers involve management's judgment in (1) identifying distinct performance obligations, (2) determining whether the Company is acting as a principal or an agent, revenue recognition from these judgments were identified as a key audit matter and required a higher extent of audit effort.

Auditor's Responses

Principal Audit Procedures

Our audit procedures related to the (1) identification of distinct performance obligations, (2) determination of whether the Company is acting as a principal or agent included the following among others:

- We tested the effectiveness of controls relating to the-
 - (a) identification of distinct performance obligations,
 - (b) determination of whether the Company is acting as a principal or an agent and
- We selected a sample of contracts with customers and performed the following procedures:
 - Obtained and read contract documents for each selection, including master service agreements, and other documents that were part of the agreement.
 - Identified significant terms and deliverables in the contract to assess management's conclusions regarding the- (i) identification of distinct performance obligations (ii) whether the Company is acting as a principal or an agent

Key Audit Matter

1. *Evaluation of Uncertain Tax Positions*

The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.

Auditor's Responses

Principal Audit Procedures

Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The management and Board of Directors of the Company are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of

the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As a part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence

that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements, including the disclosure, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings. Including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2021 and are

therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's management and Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure 1, a statement on the matters specified in paragraph 3 and 4 of the Order.

Annexure – 2 to the Independent Auditor's Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Aarvi Encon Limited** ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting commensurate to its size and nature of business and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Statement of Significant Accounting policies and Other Explanatory Notes

(A) Corporate Information

Aarvi Encon Limited (the “Company”) is a HR Services Company incorporated as Aarvi Encon Private Limited on 03 December 1987 and the registered office is located at 603, B1 Wing, Marathon Innova, Marathon Nextgen Complex, Lower Parel (W) Mumbai 400013. The name of the Company has changed to Aarvi Encon Limited pursuant to conversion into a Public Limited company, vide Shareholder’s approval on 13 June, 2017 and obtained a fresh certificate of incorporation dated 05 July 2017.

(B) Significant Accounting Policies

I) Basis of Preparation

The Company is listed on the Main Board of National Stock Exchange of India Ltd w.e.f. 24th June, 2020:

The Company has undertaken an Initial Public issue of equity shares and subsequently got its equity shares listed on the National Stock Exchange, Emerge (SME Segment) with effect from 5th October 2017.

On 4th November, 2019, the Company received in principle approval for migration of trading in the equity shares of the company from SME Platform (EMERGE) to Main Board.

Further, the Company has completed the migration of its shares from National Stock Exchange (NSE) Emerge (SME segment) platform to the Main Board of National Stock Exchange of India Ltd w.e.f. 24th June, 2020.

These financial statements are Separate Financial Statements as per Ind AS 27 - Separate Financial Statements and are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

These financial Statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

II) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires

management to make estimates and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statement in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

III) Summary of significant accounting policies

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle

(a) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is current when :

- It is expected to be realised or intended to be sold or consumed in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when :

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment

- i) Property, plant and equipment (PPE) are measured at cost, net of accumulated depreciation and/or accumulated impairment losses, if any. The cost of PPE includes freight, duties, taxes and other incidental expenses related to the acquisition or construction of those PPE. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in statement of profit or loss in the year the asset is derecognized.
- ii) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. All other repairs and maintenance costs are recognised in statement of profit and loss as incurred.
- iii) The charge in respect of periodic depreciation is derived after estimating the asset's expected useful life and the expected residual value at the end of its life. The depreciation method, useful lives and residual values of Company's assets are estimated by Management at the time the asset is acquired and reviewed during each financial year.
- iv) Depreciation on all assets of the Company is charged on written down method over the useful life of assets mentioned in Schedule II to the Companies Act, 2013 or the useful life previously assessed by the management based on technical review whichever is lower for the proportionate period of use during the year. Intangible assets are amortised over the economic useful life estimated by the management.
- v) Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are shown as capital advances under long-term loans and advances and the cost of property, plant and equipment not ready for their intended use

before such date are disclosed under capital work-in-progress.

c) Intangible Assets

- i) Intangible assets are recorded at the consideration paid for cost of acquisition or development less accumulated depreciation and/or accumulated impairment loss, if any. The cost of an internally generated asset comprises all expenditure that can be directly attributed, or allocated on a reasonable and consistent basis, to create, produce and make the asset ready for its intended use.
- ii) Intangible assets under development are capitalized only if the Company is able to establish control over such assets and expects future economic benefit will flow to the Company.
- iii) Intangible assets are amortised over their estimated useful life, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset.

d) Borrowings

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

e) Impairment of Assets

Assets subject to amortization/depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher between an asset's fair value less sale costs and value in use. For the purposes of assessing impairment, assets are grouped together at the lowest level for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill for which impairment losses have been recognized are tested at each balance sheet date in the event that the loss has reversed.

f) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits in banks and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within bank borrowings in current liabilities on the balance sheet.

g) Provisions

The Company recognizes a provision when: it has a present legal or constructive obligation as a result of past events; it is likely that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognized for future operating losses.

h) Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

i) Financial Instruments
(i) Financial Assets & Financial Liabilities
Initial recognition and measurement

All financial assets and liabilities are recognised initially at fair value.

In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset is treated as cost of acquisition. Purchases or sales of financial assets that require delivery of assets within

a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The Explanatory Notes details how the entity determines whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial instruments

A financial asset is derecognised only when

- * The Company has transferred the rights to receive cash flows from the financial asset or
- * retains the contractual rights to receive the cash flows of the financial asset, but assumes

a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the group has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(ii) Investments in associates

Investments in associates are carried at cost in the Separate Financial Statements.

j) Revenue Recognition

- i) Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks. The specific recognition criteria described below must also be met before revenue is recognised.

Manpower Services

Revenue from manpower services is accounted at a point in time on accrual basis

on performance of the services agreed in the contract with the customers.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit or loss.

Dividends

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

k) Taxes

Tax expenses comprise Current Tax and Deferred Tax.:

i) Current Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii) Deferred Tax:

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and

liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

For items recognised in OCI or equity, deferred / current tax is also recognised in OCI or equity.

iii) Minimum Alternate Tax (MAT) Credit:

The Company has opted for income tax under Section 115BAA of the Income tax act, 1961. As per provisions of the Act, the domestic companies opting for section 115BAA will not be able to claim MAT credits for taxes paid under MAT during the tax holiday period. The companies would not be able to reduce their tax liabilities under section 115BAA by claiming MAT credits. Therefore, the Company has reversed all the MAT credit during the year.

i) Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss before OCI for the year by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m) Dividend Distribution

Dividend distribution to the Company's equity holders is recognized as a liability in the Company's annual accounts in the year in which the dividends are approved by the Company's equity holders.

n) Foreign exchange transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the dates of the respective transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date, the resultant exchange differences are recognised in the statement of profit and loss.

o) Employee benefits

Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and other benefits. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Post-employment benefits

i. Defined contribution plans

A defined contribution plan is a post-employment benefit plan where the company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognised as an expense in the statement of profit and loss during the period in which the employee renders the related service.

ii. Defined benefit plans -Gratuity

In accordance with the applicable Indian laws, the Company provides for gratuity, defined benefit retirement plan ("the Gratuity plan") covering eligible employees. The Gratuity plan provides a lump-sum payment to eligible employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. Liabilities with regard to the Gratuity plan are

determined by actuarial valuation, performed by an independent actuary, at each reporting date using the projected unit credit method. Actuarial gains and losses are recognised in full in the other comprehensive income for the period in which they occur. Current service cost and the interest cost on obligation related to defined benefit plans are recognised in the statement of profit or loss.

p) Leases

Effective April 1, 2018, the Company adopted Ind AS 116 “Leases” as per para 8, 9, D9B(a) & D9B(b)(ii) of Ind AS 101 and applied the standard to all lease contracts existing on April 1, 2018 at the date of transition.

The following is the summary of the new and/or revised significant accounting policies related to Leases. The Company, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially

all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Disclosures under IND AS 116 “Leases”

Effective April 1, 2018, the Company adopted Ind AS 116 “Leases” as per para 8, 9, D9B(a) & D9B(b)(ii) of Ind AS 101 and applied the standard to all lease contracts existing on April 1, 2018 at the date of transition. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company’s incremental borrowing rate at the date of initial application.

During the year ended March 31, 2021, Rs. 1.82 Lakhs has been accounted as Finance Cost and Rs. 5.30 Lakhs as Depreciation against the payment liability of Rs.6.99 Lakhs. and during the year ended March 31, 2020, Rs. 8.48 Lakhs has been accounted as Finance Cost and Rs. 21.30 Lakhs as Depreciation against the payment liability of Rs.24.92 Lakhs.

The following is the summary of practical expedients elected on initial application

1. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

A Expected Credit Loss:

Trade receivables and unbilled revenue are unsecured and are derived from revenue earned from customers primarily located in India. Periodically, the Company evaluates all customer dues to the Company for collectability. The need for impairment is assessed based on various factors including collectability of specific dues, risk perceptions of the industry in which the customers operates, general economic factors, which could affect the customer's ability to settle. More than 95% of the Company's customers have been transacting with the Company for over five years and none of these customers' balance are credit impaired. An impairment analysis is performed at each reporting date on invoice wise receivable balances. The Life time credit loss write off during the year arises more out of the disputes or charges rather than credit impairment.

Since the Company Calculates impairment under the simplified approach the Company does not track the changes in credit risk of trade receivables the impairment amount represents lifetime expected credit loss. Hence the additional disclosures in trade receivables for changes in credit risk and credit impaired trade receivable are not disclosed.

ii) Actuarial Assumptions

Particulars	As on March 31, 2021	As on March 31, 2020
Discount rate (per annum)	6.50%	6.90%
Rate of escalation in salary (per annum)	7.00%	7.00%
Attrition Rate		
Younger Age	50%	50%
Older Age	5%	5%
Rate of return on plan assets (per annum)	6.50%	6.90%

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

There is no minimum funding requirement for a gratuity plan in India and there is no compulsion on the part of the company fully or partially pre-fund the liabilities under the plan. Since the liabilities are unfunded there is no asset liability matching strategy devised for the plan.

iii) Sensitivity analysis

A quantitative Sensitivity analysis for significant assumption

Particulars	Discount Rate	Salary Growth Rate	Attrition Rate
Changes in Assumption			
March 31, 2021	0.50%	0.50%	10.00%
March 31, 2020	0.50%	0.50%	10.00%
Increase in assumption			
March 31, 2021	(89.03)	94.90	92.05
March 31, 2020	(80.47)	85.64	83.20
Decrease in assumption			
March 31, 2021	95.36	(89.43)	(92.12)
March 31, 2020	86.09	(80.83)	(83.16)

(iv) Actuarial Risk:

A Actuarial Risk

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

B Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

Notes to financial statements as at and for the year ended March 31, 2021

C Liquidity Risk

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cashflows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

28 Significant accounting judgements, estimates and assumptions

The financial statements require management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the separate financial statements.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

29 Financial Instruments

i) The carrying value and fair value of financial instruments by categories as at March 31, 2021 and March 31, 2020 is as follows:

	Carrying Value		Fair Value	
	March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020
a) Financial Assets				
Amortised Cost				
Trade Receivable	4,871.81	4,833.82	4,871.81	4,833.82
Loans and Advances	82.95	86.30	82.95	86.30
Cash and cash equivalents	893.81	7.94	893.81	7.94
Other Bank balances	716.08	155.90	716.08	155.90
Other	2,082.35	1,355.42	2,082.35	1,355.42
Total Financial Assets	8,647.00	6,439.38	8,647.00	6,439.38
b) Financial Liabilities				
Amortised Cost				
Borrowings	353.70	884.65	353.70	884.65
Lease Liability	-	67.80	-	67.80
Trade payables	435.35	462.31	435.35	462.31
Others	1,824.73	1,462.39	1,824.73	1,462.39
Total Financial Liabilities	2,613.78	2,877.14	2,613.78	2,877.14

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables, book overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Notes to financial statements as at and for the year ended March 31, 2021

30 Fair Value Hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

During the year, the Company has no financial assets and liabilities which are measured at fair value.

31 Financial risk factors

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

(a) Credit risk

Credit risk is the risk that counterparty will not meet its contractual obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and loans receivables, investments and other financial instruments.

(b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company monitors its risk of a shortage of funds on a regular basis. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities.

(c) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk. Financial instruments affected by market risks include trade receivable and trade payable.

i. Interest rate Risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company does not have significant debt obligation with floating interest rates, hence is not exposed to any significant interest rate risks.

ii. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. The Company does not have significant foreign currency exposure and hence is not exposed to any significant foreign currency risks.
